

# Visitors or Visions?

UFO Sightings 1950-2010

Are extraterrestrials visiting us? Or are people seeing visions in their heads? The below map shows the relationship between the number of sightings and population density. The farther west one goes the more UFO's one sees, especially in Washington State and the South West.

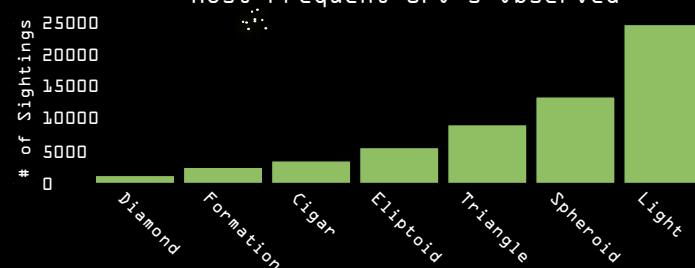

High Pop /Low Sightings      High Pop /High Sightings  
Low Pop /Low Sightings      They are everywhere!

Projection: NA Conical equal area

1 Dot = 7 Sightings

Most Frequent UFO's Observed
